Re: Oil Delivery,

Dear Homeowner,

As a safety issue please be aware that the safety of all our delivery service people is important to us.

We would like to guarantee that the oil company has a clear pathway to your oil tank /drum **MUST** be free of obstructions or oil will **not be** delivery.

As well any dogs must be restrained or penned so as to not cause harm to any oil deliver.
Thank you for your cooperation.

Merry Christmas
Housing Manager
